DBM India New Centre Inauguration

DBM India believes that quality education is the right of every child.

Hence year after year DBM India adopts meritorious but needy students in the DBM Udaan Holistic Education Program.

Recognizing the need for a more expansive, state-of-the-art facility to support our growing vision, we are excited to announce the inauguration of a new, spacious, and fully-equipped center in Bandra,

dedicated to our Udaan students. The inauguration ceremony was honored by the presence of Ms. Preeti Jhangiani, our esteemed trustee Mr. KP Singh, several principals from neighboring schools, and our enthusiastic Udaan students.

This center marks a significant step forward in our mission to empower the next generation, ensuring they have the resources and environment they need to reach new heights.

Udaan Scholars Visit Museum of Solutions

The Museum of Solutions is an innovative space where children are inspired to become responsible and conscious global citizens. Here, they can explore STEAM subjects—like math, physics, and art—and engage with real-world issues such as marine pollution and climate change through immersive experiences.

Our Udaan Scholars visited the museum with great enthusiasm. They eagerly engaged with the exhibits, experimenting with new concepts and gaining a deeper understanding of the world around them. The visit sparked curiosity and fostered a hands-on approach to learning, leaving the scholars inspired and more mindful of the challenges our planet faces.

Our Udaan Achievers

Prathamesh Gedam— Udaan Scholar has received Gold Medal in Thai Boxing District level competition.

Durva Tambadkar— 10th grade Udaan Scholar, secured 3rd place in her school's elocution competition.
