DBM India Express

May 2026

IN THIS ISSUE:

- Angels of Mumbai Inspire Deonar Students
- Accenture Volunteers Engage Students at Udaan Centre
- Celebrating Volunteer Excellence: Certificate Distribution
- Industry Exposure Visits Enhance Practical Learning
- Computer Lab Inaugurated at Trombay Centre

Dear Reader,

We are thrilled to present the latest edition of our monthly newsletter in a fresh new design and format!

Team DBM India has worked to create a more engaging, visually appealing, and reader-friendly experience while keeping the content rich, insightful, and valuable as always. From sharper layouts and improved readability, this evolution reflects our commitment to delivering excellence.

We hope you enjoy exploring the new look. Your continued support and feedback are invaluable to us as we strive to serve you better.

Thank you for being part of the DBM India community.

Warm regards,

Team DBM India

Angels of Mumbai Inspire Deonar Students

Students at DBM India's Deonar Centre had the opportunity to participate in an inspiring book-reading session conducted by **The Free Press Journal's Angels of Mumbai**. The session introduced young learners to the stories of real-life changemakers through beautifully illustrated children's books designed to inspire social responsibility and positive action.

Author Ms. Pooja Patel engaged the students by reading stories based on the lives and contributions of remarkable individuals who have made a difference in society. The session was further enriched by the presence of environmentalist Mr. Dharmesh Barai and renowned social activist Mr. Aabid Surti, whose work formed the basis of some of the stories.

Mr. Barai shared his inspiring journey of cleaning Maharashtra's mangroves for over 300 consecutive Sundays and spoke about his Plastic-Free Sahyadris initiative, encouraging students to become active contributors to environmental conservation.

The interaction sparked curiosity among the students, who eagerly participated in discussions and asked thoughtful questions. The session served as a powerful reminder that age is no barrier to creating positive change.

The session concluded on a high note, leaving students motivated and inspired. DBM India is grateful to The Free Press Journal's Angels of Mumbai for fostering values of leadership, service, and social responsibility among young minds.

Accenture Volunteers Engage Students at Udaan Centre

Students at DBM India's Udaan Centre enjoyed an engaging and insightful visit from employees of **Accenture**, who conducted a session on Design Thinking for Sustainability. The interactive session introduced students to creative problem-solving and encouraged them to think about practical solutions to environmental and social challenges.

The volunteers facilitated a variety of activities and discussions that promoted teamwork, innovation, and critical thinking. Students enthusiastically participated, sharing ideas and learning how sustainable thinking can help create a positive impact in their communities.

Adding to the excitement, the Accenture team organized several fun and engaging games that kept the students actively involved throughout the day. The activities created a vibrant atmosphere and helped strengthen communication and collaboration skills among the participants.

The volunteers also distributed lunch, notebooks, and water bottles to the students, making the visit even more memorable. DBM India sincerely thanks the Accenture team for their time, generosity, and commitment to inspiring young minds through learning, interaction, and community engagement.

Every great solution begins with a question, an idea, and the courage to think differently.

Aspire For Her Mentors ECCE Students

DBM India's ECCE students participated in an engaging mentorship session conducted by the **Aspire For Her** team on 23rd May, 2026. The session was designed to help students identify their strengths and weaknesses while equipping them with practical skills to overcome academic and personal challenges.

The mentors discussed common issues faced by students, including low confidence, lack of focus, peer pressure, and stress. They shared effective strategies for improving communication, problem-solving, time management, and goal-setting skills. Through interactive discussions and activities, students gained valuable insights into personal growth and self-development.

A key highlight of the program was the one-on-one mentoring sessions, where students received personalized feedback on their strengths and areas for improvement. The mentors also provided practical suggestions to help students build confidence and work on their goals.

The session concluded with group activities and role-play exercises that encouraged active participation and self-reflection. Students appreciated the personalized guidance and left feeling more confident, self-aware, and motivated to achieve their academic and personal aspirations.

Celebrating Volunteer Excellence: Certificate Distribution

DBM India proudly conducted the Final Presentation and Certificate Distribution Ceremony for volunteers from Vijaybhoomi University who successfully completed their volunteering tenure at the Khar Centre for Mobilisation.

We were honoured to welcome Dr. Snehil Dahima, Faculty at Vijaybhoomi University, as the guest for the occasion. The event showcased the volunteers' achievements, experiences, and contributions throughout their journey. Certificates were awarded in recognition of their dedication, commitment, and positive impact on the community.

Industry Exposure Visits Enhance Practical Learning

Students from the Para Nursing - GDA and Warehouse Associate (WHA) courses participated in exposure visits to strengthen their practical understanding of their respective fields. GDA students visited R. N. Hospital, Cheeta Camp, where they explored various hospital departments, wards, and patient care processes, gaining first-hand insight into healthcare operations and the role of a General Duty Assistant.

Meanwhile, WHA students visited **Xplor Management Solutions Pvt. Ltd. at Bhumi World**, where they learned about warehouse operations, inventory management, storage systems, and workflow processes. Both visits provided valuable industry exposure, helping students connect classroom learning with real-world work environments and enhancing their career readiness.

Computer Lab Inaugurated at Trombay Centre

DBM India's Trombay Centre successfully inaugurated its computer lab in the presence of representatives from **Kintetsu World Express**, including **Mr. Jitesh Singh**, **Mr. Lloyd Teixeira**, and **Ms. Hira Mehta**, Assistant Manager – HR & Administration.

The event highlighted the importance of digital literacy in today's world and provided students with an opportunity to showcase their creativity and technical skills. A key highlight was an AI-generated inauguration video created by the students, which was highly appreciated by the guests. The program also featured an insightful session by Ms. Farheen Peshimam, who spoke about the growing significance of computer literacy and its role in enhancing career opportunities and long-term professional growth.

The inauguration marks an important step towards strengthening digital learning opportunities for students at the centre.
