

DBM India Launches the Scholars Program: Guiding Young Minds Toward Purpose and Success

On 20th October, DBM India proudly inaugurated its newest initiative – the DBM Scholars Program, designed to give university students a unique edge and a personal roadmap to their future.

The event was graced by Chief Guest Dr. CA Mayur B. Nayak, who inaugurated the program and interacted with the scholars alongside Mr. Bharat Mehta. In his inspiring address, Dr. Nayak urged students to stay determined, work hard, and make the most of every opportunity to build a meaningful and successful life. His words resonated deeply, motivating the young minds to dream beyond academics and strive for holistic growth.

Speaking at the event, Mr. Paramjeet Singh, Managing Trustee of DBM India, introduced the vision behind the Scholars Program. He emphasized that the initiative reflects DBM's long-standing commitment to investing in the next generation of leaders. "At DBM, we see more than just students; we see the future of our society in this room," he said, highlighting how the program aims to bridge the gap between formal education and employability.

While a university degree is essential, today's world demands more – confidence, critical thinking, practical skills, and ethical leadership. The DBM Scholars Program is DBM India's answer to this need, built on our signature 'DBM touch' of holistic development. The program aims to shape well-rounded individuals ready to excel both professionally and personally.

Each scholar begins with a comprehensive assessment to identify their strengths, aspirations, and growth areas. Based on this, a personalized Individual Development Plan (IDP) is created – a roadmap guiding them toward academic excellence, personal growth, and career readiness.

The program includes:

- **Dedicated Mentorship:** One-on-one sessions every two weeks for focused, personalized guidance.
- **Skill Building:** Monthly group classes on life skills, values, communication, and teamwork.
- **Continuous Support:** Academic counseling, progress tracking, and parent engagement to celebrate every milestone.

"The DBM Scholars Program is more than a beginning – it's a promise to turn potential into purpose."
