- **DBM India Recognised Among India's Top 500 Credible NPOs**
- **Empowering Young Minds for an AI-Driven Future**
- **Alumni Mentorship Program**
- **Making Mathematics Fun with NMIMS Volunteers**
- **Equipping UDAAN Students for Success**
- **Nurturing Environmentally Conscious Youth**

Dear Well-Wishers and Supporters,

Welcome to the August edition of the DBM India Newsletter!

This month has been marked by inspiring collaborations, meaningful learning experiences, and continued progress across our Programs. From empowering young minds through future-ready initiatives to creating opportunities for children, youth, and communities, every step reflects our shared commitment to building lasting impact.

As you explore this edition, we hope these stories inspire you and reaffirm the difference we can make together. Thank you for your continued trust, partnership, and support in our journey of transforming lives.

Happy Reading!

Team DBM India

DBM India Recognised Among India's Top 500 Credible NPOs

A recognition of our commitment today, and a motivation to create an even greater impact tomorrow.

DBM India is proud to be recognised among **GuideStar India's Top 500 Credible NPOs**, a significant milestone that reflects our unwavering commitment to transparency, accountability, and creating meaningful social impact.

We are also honoured to have received the **GuideStar India Champion Level – Platinum Seal for the eighth consecutive year**. This prestigious recognition is awarded to organisations that demonstrate the highest standards of governance, financial transparency, Program implementation, and measurable impact.

This achievement belongs to our dedicated team, generous donors, committed partners, passionate volunteers, and every well-wisher who has been part of our journey.

Thank you for believing in our mission and helping us build stronger, more empowered communities.

Empowering Young Minds for an AI-Driven Future

DBM India, in collaboration with **EduSikh and ITM Skills University and SSAWT**, proudly hosted an inspiring session on "**The Transformative Power of AI**" by renowned AI innovator and global technology speaker **Mr. Tanmay Bakshi**.

As Artificial Intelligence continues to reshape industries and redefine the future of work, the session encouraged students to explore how AI can be harnessed to solve real-world challenges, drive innovation, and create meaningful social impact. Drawing from his own journey, Tanmay inspired students to embrace curiosity, continuous learning, and ethical innovation as they prepare for the opportunities of tomorrow.

A highlight of the event was the interactive Q&A, where students enthusiastically engaged with Tanmay, asking thought-provoking questions about AI, future careers, entrepreneurship, responsible innovation, and the skills needed to thrive in a rapidly evolving world. His insightful responses encouraged students to think critically, dream bigger, and embrace innovation with confidence.

At DBM India, we believe that preparing young minds for tomorrow means creating opportunities that extend beyond the classroom. By connecting students with global thought leaders and transformative learning experiences, we are equipping the next generation with the knowledge, confidence, and mindset to thrive in an AI-driven world.

We are grateful to ITM Skills University for graciously hosting the event at their campus auditorium and for their exceptional hospitality and seamless arrangements, which made this inspiring learning experience truly memorable.

AI will shape the future, but it is curious minds, ethical thinking, and human creativity that will define it.

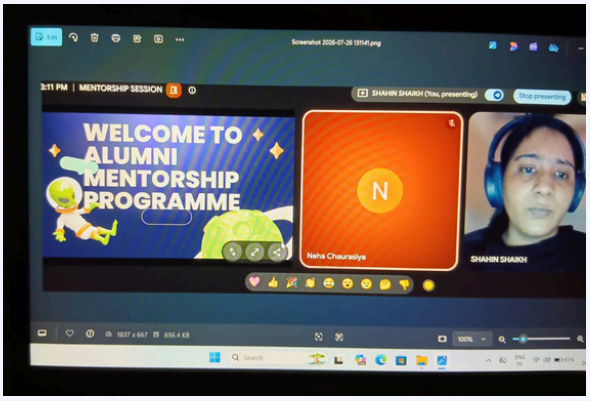

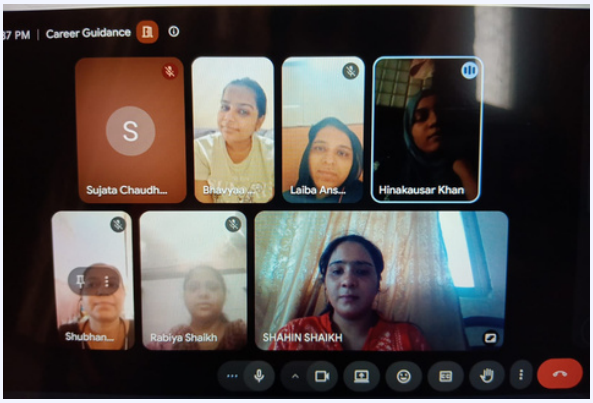

Alumni Mentorship Program

As part of DBM India's Alumni Mentorship Program, a series of interactive career guidance sessions were conducted to help students gain clarity about their academic and professional journeys. Led by alumni mentors, the sessions focused on career exploration, higher education opportunities, the importance of continuous learning, and the skills needed to succeed in today's dynamic workplace.

Students actively participated in discussions on career planning, effective English communication, interview readiness, and professional development. A special career guidance session by Bhaviya Ma'am provided valuable insights into diverse career pathways, educational options, and the competencies required for long-term success, while also addressing students' questions and aspirations.

The enthusiastic participation of the students reflected their eagerness to learn and grow. Through the Alumni Mentorship Program, DBM India continues to connect young learners with experienced mentors, empowering them with the guidance, confidence, and inspiration needed to build successful futures.

Making Mathematics Fun with NMIMS Volunteers

Students of Classes 5, 6, and 7 at Sharda Vidya Mandir English School enjoyed an engaging Maths Tips & Tricks session conducted by volunteers from **NMIMS University**.

Through interactive activities and practical techniques, the session made learning mathematics enjoyable while encouraging students to build confidence in the subject.

On the occasion, Anshuman Semalty was felicitated with a Volunteer Certificate in recognition of his valuable contribution to DBM India's fundraising campaign. We sincerely thank the NMIMS University volunteers for their enthusiasm and commitment to creating meaningful learning experiences for our students.

Equipping UDAAN Students for Success

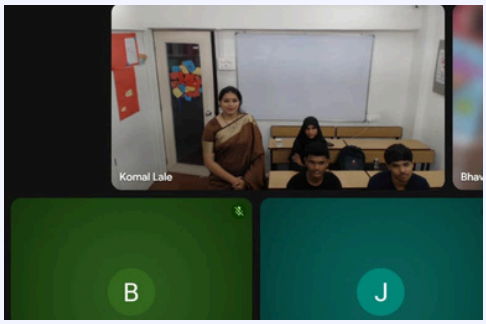

As part of our continued commitment to supporting students in their educational journey, DBM India distributed Education Kits to the UDAAN students.

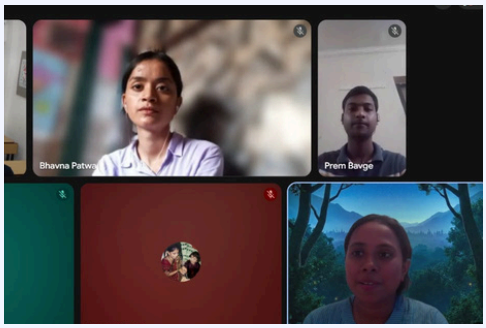

Each kit, comprising essential learning materials and a school backpack, is designed to ensure that students have the resources they need to learn with confidence and stay prepared for academic success.

More than just supplies, these kits serve as a source of encouragement and motivation, reminding every student that their aspirations matter and that they have a community standing beside them as they work towards a brighter future.

Nurturing Environmentally Conscious Youth

DBM India's UDAAN students participated in an insightful session on sustainability and environmental conservation, encouraging them to reflect on the impact of their everyday choices and adopt simple, sustainable practices in their daily lives.

The session was led by Ms. Deepanjali Jhambhale, who holds a PhD in Forestry & Environmental Conservation from Clemson University, USA. Through engaging discussions and real-world examples, she highlighted the importance of environmental responsibility and inspired students to become conscious changemakers.

The interactive session reinforced that small, mindful actions can collectively create a significant positive impact, empowering students to contribute towards building a more sustainable future.

Thank You donors for being with us everyday
